BIOGRAPHY

Dr. Antonio Rodríguez Andrés has been taking up academic positions as associate professor of Economics at different international universities: Denmark, Colombia, Spain, Chile, Morocco, Cyprus, Czech Republic, and Egypt. He got a PhD in Economics at University of Southern Denmark. He has a master degree in Industrial Economics from Universidad Carlos III de Madrid.

His research focuses on quantitative methods, applied health economics, and law and economics. He has published in international refereed journals with high impact factors such as Journal of Business Ethics, Health Policy, and Technological Forecasting and Social Change, and Expert Systems with Applications.

He is also currently on the international advisory board of The Economic and Labour Relations Review. Besides that, he has been also an international coordinator for international students in the Faculty of Economics at UCJC, Spain. He has also served on several accreditation committees during his academic experience.

Dr. Antonio has actively participated in international conferences and symposiums as a speaker as well as an organizer. He has also ample teaching experience at both graduate and undergraduate levels. He has been teaching in several subjects within Economics, Econometrics, and Statistics. He has also supervised master students and internship papers. Dr. Antonio has also applied for external grants from different sources: Economic Research Forum (ERF), and Forum EuroMediterraneen des Instituts de Sciences Economiques (FEMISE).

Lastly, he took up a prestigious Marie Curie Fellowship at the University of Sheffield under the supervision of Dr. Jennifer Roberts (Full Professor of Health Economics, University of Sheffield).
